

Mobilized Defence Solutions

Shladot has been serving the defense establishment for over forty years, providing comprehensive mobilized solutions and performing complex turnkey projects. With extensive competencies in engineering, design, mechanical fabrications and systems integration, our multi-disciplinary team delivers made-to-order solutions that address a wide spectrum of military and homeland security needs.

Mobilized Defence Solutions

Shladot multi-disciplinary turnkey projects involving mechanical engineering, electric and control systems, power solutions, HVAC, RFI/EMI/EMP shielding and more.

Our Key product lines -

- Command Shelters including command and control trailers and vehicles
- Special Purpose Vehicles including truck bodies and fully outfitted vehicles
- Special Purpose Platforms (ISO platforms and build to specs platforms)
- Special Purpose Trailers including heavy duty tank trailers and various tankers
- Armored Vehicles and Aircraft Armor

As a one-stop shop for enabling mobilized systems in the defense and security arena, we understand the nuances of design, construction and systems integration that are required in realizing your SOW down to the fine print – and in full accordance with MIL standards.

From understanding how a command shelter needs to be fitted to a flatbed to being well-versed in the proper weight distribution of various systems on a trailer to enabling the installment and interoperability of delicate infrastructure systems and beyond, Shladot delivers according to expectations.

The result:
Superior quality control, centralized project management, swifter completion and reduced integration costs.
