

Integrated Riot Control Vehicles

Shladot's **Integrated Riot Control Vehicles** are designed to provide a wide range of non-lethal solutions to disperse protestors in situations of civil unrest and violent protest. They are equipped with powerful multi-directional water cannons that can also spray dye, tear gas, skunk, fire extinguishing foam and other additives. Vehicles are robust, compact and maneuverable in both urban areas and off-road terrain.

SHLADOT

Integrated Riot Control Vehicles

Options

- Armored cabin - for various threat levels
- Run-flat tire inserts
- External foldable troop protection shields
- Space for extra troops
- Skunk (a pungent, foul smelling, non-toxic, liquid spray)
- Riot control Drone System (DS)
- Riot control Multi Barrel Launcher (MBL)
- Riot control mounted jammer

Technical Specifications

Chassis – 4*4 MAN or other

- LHD; RHD option
- Emission: Euro 3 - Euro 6
- Cab: driver + 2 (double cab option)

Water Pump

- Heavy duty, cast iron, bronze impeller
- 2,800-L/m@10bar
- Water pump operational both when the vehicle is idle and on the move

Auxiliary Engine

- Air-cooled diesel engine
- 80-hp@2,650rpm

Water Tank

- 6,000-liter water tank
- Optional: 4000-liter water + 2000 liter Skunk (a pungent, foul-smelling, non-toxic, spray)
- Drain outlet
- Overflow pipe

Additive Tanks

- Tear Gas: 65 liters
- Dye: 65 liters
- Foam: 65 liters
- Skunk: Optional

About Shladot

Shladot has been serving the defense establishment for over fifty years, providing comprehensive mobilized solutions and performing complex turnkey projects. With extensive competencies in engineering, design, mechanical fabrications and systems integration, our multi-disciplinary team delivers made-to-order solutions that address wide spectrum of military and homeland security needs. These include command and control shelters, trailers and vehicles; special purpose vehicles, platformms and trailers; Tankrs; armored vehicles and fullyouffitted vehicles and aircraft armor

Rooftop Water Cannon

- 1,200 liter/min, 10 bar min
- Effective distance 60m+
- Short/long pulse, continuous flow
- Tilt – Horizontal: 270°, Vertical: -15°/+35°
- Parallel camera with zoom
- Automatic water pressure control
- Additives mixture option

Front Bumper Cannon

- 600 liter/min, 10 bar min
- Effective distance 20m+
- Tilt – horizontal: 180°
- Additives: water or foam

Command & Control

- Digital, Joystick

Self-Defense

- External water/foam/gas nozzle system around, under, and on windshield to protect vehicle and crew
- Internal positive pressure system – self-operating from inside cabin
- Anti-vandal rock guard mesh on all windows and external systems

CCTV

- Parallel monitor camera with zoom
- Broadcasting option
- All-around view / recording option

Hydraulic Front Bulldozer

- Clears obstacles
